

## Marsden/Neilburg Manitou Pioneers Museum

PO Box 336 Neilburg, SK S0M 2C0

February 15, 2016

The building committee had a dream a couple of years ago to build a building that would serve not only as a location to display large equipment, but also as a shop to restore old machinery and other artifacts. We hope once the building is in place you will stop by for coffee, offer us some advice, or simply enjoy reminiscing over the past. We are inviting you to join us and share that dream.

The building committee now has enough money to build the shell of the 40' X 100' building. The work will start in the spring. The building committee is anxious to get the construction started quickly and have use of the building this summer. The museum board has designated \$40,000 toward this and we have pledges for an additional \$56,000. The RM's of Hillsdale and Manitou have made a commitment to assist us with this project. The museum board has committed people on board that are keen to preserve our heritage and provide fun community events for you and for future generations. **Can you also make this your dream?**

We feel you will be interested in helping us restore and protect our local history and heritage. This building would help us do exactly that. The Marsden/ Neilburg community is rich in culture and has a lot to offer future generations who are interested in learning about their roots and culture. Once completed this endeavor would be a great asset to the Marsden/Neilburg community.

Costs to complete the building project plans is approximately \$250,000. More detailed information is available from any of the building committee. You can call me at 306 823-4535, cell phone 306 823-3656 if you would like more information.

The museum is a registered non-profit organization. Donors will receive a donation receipt for financial donations of \$25 or more. **Please make cheques payable to the Manitou Pioneers Museum.** (Any donation will be greatly appreciated)

Please address your responses to: Manitou Pioneers Museum PO Box 336 Neilburg, SK S0M 2C0

We will be so thankful for anything you can help us with!

The Building Committee, On behalf of the Museum Board

Sincerely,

Ken Chiverton,  
Building Committee Chairman
